FUGRO PELAGOS, INC. APPOINTS ROBERT VAN DE POLL TO INTERNATIONAL MANAGER, LAW OF THE SEA

Fugro Pelagos, Inc. is pleased to announce the addition of Mr. Robert van de Poll to the position of International Manager, Law of the Sea.

Mr. van de Poll is an internationally recognized expert on the Law of the Sea (LOS), especially Article 76. He has written 17 professional papers on the subject. During his 15-year tenure at CARIS (Universal Systems Ltd.), he was involved in every aspect of the design, development and successful implementation of the CARIS LOTS software, which has been sanctioned by the United Nations' Commission on the Limits of the Continental Shelf (CLCS). This has led to his leadership in presenting papers, workshops, training courses and analytical services in over 50 Coastal Nations. His responsibilities will include management of the Fugro business supporting UNCLOS based opportunities, including DeskTop Studies, Maritime Boundary evaluations, and related research for applications to UNCLOS and EEZ projects, including surveys and data analyses.

About Fugro:

Fugro Pelagos, Inc. is a member of the international Fugro group of companies. Fugro collects, processes and interprets data related to the earth's surface and soil composition and provides advice based on the results. As an extension to these activities, Fugro provides services such as precise positioning, construction materials testing, reservoir engineering and data management. Fugro's operations have been organized into three divisions: Geotechnical, Survey and Geoscience.
