FUGRO PELAGOS AWARDED 5-YEAR USACE IDIQ CONTRACT

Fugro Pelagos, Inc. (FPI) has successfully negotiated a contract with the United States Army Corps of Engineers (USACE), Mobile District to provide Surveying and Mapping Services in support of the Joint Airborne LIDAR Bathymetry Technical Center of Expertise (JALBTCX) National Coastal Mapping Program and support for other USACE programs. The Indefinite Delivery Indefinite Quantity contract is for 5-years, and not-to-exceed \$12,000,000.

The contract covers regional mapping and charting services to include physical and environmental characterization of the coast or riverine systems, using airborne hydrographic lidar, airborne topographic lidar, Global Positioning System (GPS), hyperspectral data collection and analysis, photogrammetry, conventional surveying and Geographic Information System (GIS) development. The selection was a Qualifications Based Selection (QBS) process for these professional services.
