FUGRO PELAGOS, INC. GAINS ISO 9001:2000 CERTIFICATION

Fugro Pelagos, Inc., an ocean engineering, surveying and mapping company based in San Diego, California, has been officially certified as ISO 9001:2000 compliant for the provision of offshore survey and positioning services and development of global positioning software.

Quality Certification Bureau Inc. awarded the certificate to Fugro Pelagos in June 2004. The process of certification included a thorough examination and review of the company's business processes and operational procedures.

ISO certification represents a company commitment to meeting customer needs, understanding customer expectations and adding value with products and services, as well as continuously working to improve all aspects of the business. The ISO standards help to systemize day-to-day policies, procedures and resources.

Fugro Pelagos follows the ISO philosophy by providing customized products and services to the marine industry. The company's President, Ed Saade, stated: "We have achieved ISO 9001:2000 certification because of our commitment to quality. We listen to our customers and anticipate their needs. Our solutions are always customized for our customers, which we believe is the only way to truly provide the highest quality of service."

About Fugro:

Fugro Pelagos, Inc. is a member of the international Fugro group of companies. Fugro collects, processes and interprets data related to the earth's surface and soil composition and provides advice based on the results. As an extension to these activities, Fugro provides services such as precise positioning, construction materials testing, reservoir engineering and data management. Fugro's operations have been organized into three divisions: Geotechnical, Survey and Geoscience.
